LYNNWOOD LODESTAR 2nd x — Should surely be a breeding bull with a pedigree crammed full of International champions. His sire was an International junior champion, and his dam is not only a great cow from one of the best families ever at Lynnwood, but as far as I know, the only Polled daughter of the International champion Ringwell Lodestar. Lodestar stood second at the Ohio state fair.

K P S JUGGLER'S IMAGE x — Sired by National Polled Congress champion Way-Co Juggler Type x and out of the largest and best milking female in our herd. Weighed 1,040 at one year and two weeks old. Was grand champion bull (in horned competition) at Tri-State fair and livestock show, the only time shown. Had planned to retain him to back up his sire but due to limited number of females we could use him on, we decided to consign him. Our complete confidence goes with this fellow.

K P S JUGGLER'S LEADER x — Sired by the National Polled Congress champion Way-Co Juggler Type x and out of a dam by Louada Regalia. A half brother to the reserve champion and top selling bull at Cookeville last year. Probably the smoothest and thickest bull we have produced thus far.

WEAN MORE THAT WEIGH MORE WITH SHORTHORNS

In these days of rising costs, cattlemen are looking to Shorthorns for crossing, because . . . they know a Shorthorn bull will add 50-60 pounds to the weaning weight of each calf. They know the resulting calf will be husky, fast-growing and freer from disease.

They know the replacement heifers will calve easier and give more milk.

They know there will be a higher percentage calf crop with a Shorthorn bull in the pasture or on the range.

They know the end result is more money in the bank. Join the swing to Shorthorns.
